

## JAPANESE POLICY

is to Maintain the Independence of Korea.

## MINISTER KURINO'S STATEMENT.

Japan Not Actuated by Purely Altruistic Motives. But by a Desire to See the Korean Government So Strengthened as to Be Able to Protect Foreigners and Repress Internal Disorders.

WASHINGTON, Nov. 5.—The telegram from the Japanese government to its minister at Washington, announcing its policy of Japan in Korea, has created a great deal of interest in diplomatic circles. The Japanese minister, when approached upon the subject, said very frankly that this announcement of Japan's attitude toward Korea could only be construed in one way, namely, as an indication of the earnest desire of the Japanese government to remove all possible cause for international friction upon the subject.

Recent events in Korea," said Mr. Kurino, "have unfortunately given rise to the impression in some quarters that Japan is seeking to exercise exclusive control over that country. In other words, to establish a protectorate. Nothing could be further from the truth than this supposition. In dealing with Korea Japan has but one object, the establishment and maintenance of the independence of the Korean kingdom.

"In holding to this purpose the Japanese government is not actuated by any wish to control Korea or by any motive of purely altruistic benevolence. Her own interests demand that Korea shall be independent and that the Korean government shall be strong enough to maintain order within the kingdom and to protect foreigners residing there.

"The declaration of Japan does not mean that all of the Japanese troops will be withdrawn from Korea when Prince Arthur is evacuated, for the retention of a suitable force will probably still be necessary for the protection of Japanese subjects and the legation and consulates. But the maintenance of even such a force is clearly regarded as temporary as is shown by the statement that the Japanese government hopes that the work of reform having been set in motion will progress, and consequently Korea will shortly be able to maintain order and protect foreigners, in which event the troops still retained for those purposes will be recalled. The attitude of Japan has been consistent from the beginning. At the outset she declared that her sole object was the maintenance of a Korean independence.

## HORRIBLE CRIME.

## PRISONER MAY YET BE LYONED.

Body of the Murdered Child Found With the Imprint of Cruel Fingers on Her Throat—Damaging Evidence of Guilt Discovered on the Person of George Morgan.

OMAHA, Nov. 5.—The rape and murder of little Ida Gaskill, an 11-year-old child, was positively traced to George Morgan, a teamster who lives near where the body was found and was the last man seen with her. His clothes were covered with blood when arrested. So great was the feeling against the prisoner that he was hurriedly removed to the penitentiary at noon. Later a committee appointed by those favoring lynching went through the jail to satisfy the people that the murderer was not there. Last night a crowd of several hundred people surrounded the jail. They were orderly and drawn more by curiosity than any disposition to violence. Early in the morning as soon as the papers had given out their information of the terrible crime, a crowd was about the doors of the morgue. The body was taken to the ground floor and then admission was granted to all.

From that early hour until a little after noon, when it was thought advisable to shut the doors and refuse further admittance, the morgue was thronged. A steady line of people poured in, each person stopping a moment to gaze with willing eyes upon that innocent face. It was estimated before noon that 5,000 people had looked upon the dead body.

They were men of all classes of business, labor, and men of no occupation. There were many women, also, of all classes, among them evidently many mothers whose features, while bedewed with tears, expressed a fierce something which caused the men's faces to harden more.

## CUBAN CIVILITIES

Attending Release of Sixteen Spanish Soldiers.

## "ADIOS, VALIENTOS ESPANOLIS."

Human Treatment of Spanish Prisoners by Cubans Cause Much Good Feeling. Insurgents Capture Vessel Laden With Provisions—Fort Dolores Besieged. Spaniards Join the Rebels.

HAVANA, Nov. 5.—Details have been received here from Cienfuegos regarding the release of the 16 Spanish soldiers who were captured by the insurgents in the engagement fought at Tardio Ojo de Agua. In that encounter 64 Spanish soldiers had made a gallant stand against 1,200 insurgents. The soldiers were commanded by Colonel Valle, Major Sanchez and Captains Navarro and Rio, who were among those captured and released by Rego, the insurgent leader. The latter was the first to greet the Spanish officers, and, embracing Colonel Valle, he said: "Return to your comrades, heroes, you are an honor to the Spanish nation and I am proud to be able to boast of freeing them from such people." Then followed a touching moment, during which the Spaniards and the Cubans embraced each other and bid each other farewell, the Cubans shouting as the Spaniards went away, "Adios, valientes espanoles."

The Spanish soldiers, nearly all of whom were wounded, were well cared for while in the hands of the insurgents and eat at the same table as Rego. The action of the Cubans has caused no little good feeling toward them. At Torneo Barro, near Cienfuegos, province of Santa Clara, the pilot boat Mercedes, which was loaded with groceries, has been captured by the insurgents. The crew was released. The inhabitants of the province of Matanzas have raised bands of from 100 to 400 volunteers and detachments of 100 colored men have left for Santa Clara. A body of 1,000 volunteers will be mobilized in this vicinity and sent to Matanzas.

The forces of the Borbon regiment have left Cienfuegos for the relief of Fort Dolores, which has been besieged by the insurgent forces for two days. Insurgent bands led by Calderon and Bacallao to the number of 400 attacked the fort at Sitio Grande, district of Sagua, but were repulsed. The insurgents laid an ambush at Salado, in the province of Puerto Principe, and fired upon the Spanish troops. General Altamirano, the Spanish commander, was killed. The fear of the Spaniards will soon recognize the Cubans as belligerents is driving many of the royalists to suicide, many who have not the nerve to suicide are joining the insurgents. It is estimated that at least 10 per cent of the troops sent from Spain have joined the Cubans.

It is the general opinion here that the Cubans are recognized as belligerents by the United States and General Canizales realizes the Spanish cause is lost he will join the insurgents if they will take him, and if not he will commit suicide. The Cubans say that within a very short time after they are recognized as belligerents they will have a formidable fleet of warships in Cuban waters and may in the future give Spain more trouble than she wants. They intimate that Spain may be annexed to the Cuban republic.

## THE NAME CHANGED

IT IS NOW KNOWN AS THE FIRST PRESBYTERIAN CHURCH.

The Annual Meeting of the Presbyterian Church Monday Night Was an Important One—Elders, Trustees, and Ushers Elected.

The annual meeting of the First Presbyterian congregation was held at the church Monday evening.

J. L. Sellers was made temporary chairman and A. L. Clark temporary secretary. The minutes of the last meeting were read after which by vote the name of the First Presbyterian congregation was changed to the First Presbyterian Church and the meeting was adjourned.

Immediately thereafter the first annual meeting of The Presbyterian Church was held and D. L. Sellers was made temporary chairman and A. L. Clark temporary secretary. On motion of S. E. DeWolfe the election of A. L. Clark was made permanent. Mr. Clark to act as secretary for the ensuing year and Mr. H. M. Ault was elected for a like period as treasurer.

The election of a board of trustees next came up and after a spirited contest F. W. Fish and S. E. Barlow were elected to serve for three years, Geo. D. Copeland and F. W. Thomas for two years and D. C. Nelson and B. P. Sweeney for one year.

The election of ushers followed and John Kishle, Ed Weber, Ed Brant and Chas. Phillips were elected to serve for one year. Notice was then given by S. E. DeWolfe that at the next annual meeting of the congregation the matter of changing the date of the annual meeting from the first to the second Monday in November would be brought up for vote. Mr. DeWolfe explained that the attendance was never what it should be on account of the meeting coming the night before the election and thus many members were out electioneering.

The trustees were then authorized to borrow money, if necessary, to be used for the completion of the church, and were further authorized to execute and deliver a mortgage on the church property to secure the payment of such monies should the necessity of making a loan arise. After several unimportant matters were discussed Mr. Sellers retired and Rev. W. E. Thomas took the chair for the purpose of holding an election of elders.

Messrs. D. L. Sellers, Harry True and F. W. Thomas were elected elders without contest and the meeting adjourned.

## A FINE CONCERT

Is Promised Us at the Y. M. C. Tuesday Night.

The concert to be given next Tuesday evening at the Y. M. C. A. auditorium promises to be a rare treat for our music loving people.

The Schilling Lady Quartet comes to us under the directorship of Mr. G. W. Gray, director of the Frank Talmadge church at Pittsburg, and under the management of one who stands high in the musical affairs of the "Smoky City," is bound to be a success.

Mr. Gray is a baritone of note and his solo work will not be other than one of the features of the evening. We are also promised some excellent violin music and so, all in all, may reasonably predict a concert of rare excellence.

The entertainment is to be given under the auspices of the Ladies' Relief Corps and the proceeds are to be devoted to the worthy poor.

## Golden Wedding Celebration.

Their acquaintances in Marion county will be interested in knowing that Mr. and Mrs. John Griener of Loyal, Wood county, November 1st celebrated their fiftieth wedding anniversary, under most happy circumstances.

On November 1, 1845, in a little village in Germany, John Griener and Einabina Diesweider were united in marriage, soon after leaving the Fatherland in search of a new home in America. They settled in Bethlehem, Marion county, living on a farm until their six children were grown to manhood and womanhood after which they removed to their present home in Wood county. It was there that a company of eighty people, children, grandchildren, great-grandchildren, friends and neighbors of the old people, assembled to do honor to their wedding day anniversary and congratulate them on an occasion that it is given a comparatively few couples to enjoy.

It is needless to say that the day was a happy one, nothing being neglected that would indicate the great esteem in which the venerable host and hostess were held by their many friends.

Those present from Marion county were Mrs. C. Abel and Mrs. Daniel O'Brien, of this city, and Mrs. C. J. Schelling, of Prospect.

Headache and Neuralgia, Cough, Croup, Sore Throat, Whooping Cough, Measles, Pain Pills, etc.

## THE STATE GAME WARDEN

Will Come to Marion To Look After Violators of Law.

The game warden has had the illegal shooting of quail just west of this city reported to him.

It seems that in the fields near the C and E. freight house quail abound in great numbers and that several times they have been made the mark for sports. One week ago last Saturday an attack was made on the birds and several killed. This case was reported to the game warden and it is being investigated, and may result more seriously than a mere investigation.

There has been much illegal shooting and fishing over the county and the state game warden has been notified of this. The state game warden will be here next week to look after these cases. It is expected that his coming to Marion county will result in several arrests.

There has not been a strict observance of the game laws and a number of the sportsmen have learned of the matter and reported violations to the game warden. He has been asked to come here and look after the reports that are current, and a thorough examination will be made.

## RAILROAD NOTES

Ed Trott, the night caller at the C and E, is laying off.

Clarence Heiber is working nights at the C. and E. freight house.

Conductor Milroy has taken Conductor Wilcox's run on the C. and E. while he is off on a fishing trip.

R. C. Fenton was off duty today. Bob is a politician and can always be seen at the polls on election day.

Detective Schwartz, of the C. H. V. and T., passed through here Monday enroute to Toledo to secure a prisoner who had robbed the Bradnor depot.

The railway mail service in the United States has reached vast proportions. Mails are carried on 169,768 miles of railway. Postal clerks are employed in 10,000 stations. The mails are carried in 1,112,000 spaces, as performed by means of closed coaches. There are 1,112,000 railway postoffice lines in operation, upon which 6,256 postal clerks are employed in the distribution of the mails.

Now that the sale of the Short Line has been confirmed by the court the next step in the reorganization will be the election which is to be held in this city on Wednesday of next week. The conflict between the two opposing factions is even more bitter than the public generally supposes and each side is leaving no stone unturned to win. It is difficult to make a conjecture in view of the conflicting reports, but the impression is gaining that the old management has been able to secure enough stockholders to perpetuate itself in spite of the opposition which has been very determined.

The schedule which the C. H. V. and T. will inaugurate Sunday marks an epoch in travel between Columbus and Chicago, for at that time the management will place in service the fastest train ever run between the two cities, cutting all previous records an hour and 20 minutes and reducing its own time to 10 minutes. The matter has been under consideration by President Walte and General Passenger Agent Fisher for some days, the main object being to connect with new flyers on the Erie and Santa Fe. Under the new arrangement the morning train, No. 33, from the south will come from Athens instead of Pomeroy, leaving that point at 6:40, arriving at Columbus at 9:10, arriving at Marion at 10:25, and continuing at 10:35, with the new limited mail train on the Chicago and Erie, arriving in Chicago at 5:35 p. m. making direct connection in the same depot with the new three-day California train of the Santa Fe. Train No. 33 will leave Pomeroy at 9:25 a. m., Athens 11:20 a. m., arriving at Columbus at 2:25 p. m., departing for Toledo at 3:40 a. m. as at present. No 37, from the south, remains unchanged and will leave Columbus for Marion and Chicago at 8:40, instead of 8:30 p. m. No. 33, leaving Columbus at 9:40 a. m. for Chicago and Toledo, will run daily instead of No. 31, now leaving at 5:15 a. m., which will run daily except Sunday. Other trains will remain as at present.

## Former Marionite Dead.

O. W. Fritsch, formerly of this city, died at Mt. Pleasant Sunday of apoplexy, at the age of 44 years.

Deceased was formerly a resident of this city and ran the hotel here that is now known as the Hotel Nordica. He sold out to N. Herman and removed to Mt. Pleasant, where he has been ever since. He was well known in Marion, and a number of his friends were at Mt. Pleasant today to attend the funeral.

## HE KNOWS THE MAN

HE SAYS WHO ROBBED F. M. OF THIRTY DOLLARS

Grant Garrett Has Sent the Fellow Whom He Claims Burglarized His Place To Return the Staff—A Sensation May Be the Outcome.

It is possible that the robbery of Grant Garrett Sunday night may result in some sensational developments.

It will be remembered that on Monday Garrett stated that he was aware who committed the burglary, and sent word for the guilty person to bring back the money to avoid any further action. The money has not been forthcoming and Garrett states that he supposes that the fellow thought that he was bluffing, but that he was not, and explains why he is so certain of the man's identity.

Garrett did not see him take the money but was asleep at the time, but awoke just as the thief was leaving the room. The burglar had his head turned toward Garrett and he recognized him. Garrett is so badly crippled that he could not get up and follow him, but suspected that there was something wrong and an investigation proved that he had been made the victim of the burglar to the amount of over thirty dollars.

He told the Star this morning that he did not care to make the name public for reasons of his own, but that he could not afford to lose the money and was going to order the guilty party's arrest Wednesday unless he returned what he had stolen. It is a rather strange case and is causing some comment by those who are on the inside.

Special to the DAILY STAR.

ALGER, O., Nov. 5.—In a fight which occurred Monday night, one mile east of this place, Wm. Rumbo and a woman named Miner, and her sons, Rumbo received wounds from which he died this morning.

The woman and her sons had been living in a tent and had a stove belonging to Rumbo. When Rumbo went out to see about it yesterday a quarrel resulted.

The oldest son struck Rumbo with a club several times and the other son used a scotch shovel, the woman using a club and a revolver. They knocked Rumbo down several times but he got away and started home. Later the three found him unconscious along the road and beat him again.

The mother and the younger son have been placed under arrest but the older son skipped out.

Rumbo died at an early hour this morning.

#### TODAY'S BIG BATTLE

THE HOTTEST POLITICAL CONTEST IN MARION FOR YEARS.

As a Result a Large Vote Is Told Early, and Still They Come—The First Ward Polls the Scene of Spirited Activity.

It was a veritable battle of the ballots that was being waged in Marion all day. The sunshine and warmth aided and abetted the hustlers in both big political parties in getting out a vote, such as which has not been cast in Marion for years. Every hour in the day, from the opening of the polls this morning up to the time the STAR goes to its readers this evening, has been marked by great activity. It had been made a point by both Republicans and Democrats to see that every vote available was safely deposited in the box, and both parties have evidently been successful in accomplishing their purposes in this line.

At noon inquiry at the various precincts brought the information that never before had such a large vote been polled at that hour. Late in the afternoon inquirers were told a similar story, and the votes were still rolling in.

The greatest activity was apparent at the polls of the First ward, precinct A. Here the much-talked-of and so-called alien vote was centered and there was much challenging of voters, but very little accomplished by the challengers on either side.

The Democrats of Marion are always in evidence, but the day particularly indicated greater activity among Republicans than has been shown in Marion for a number of years. They were putting up the fight of their lives, and for once, to all appearances, were meeting their hustling opponents at every turn.

The result? That is for those acute and ingenious political prophets to foretell. If you have not come in contact with any of them and feel unable to guess at the termination of this great strife, wait. Keep your ear to the ground and listen. It is only a few short hours now until the returns will tell the story.

#### THE CITY IN BRIEF.

An ex-convict named Fisher was in the city Monday. He was on his way to the Indian territory, where he was sent from four years ago.

There is a musical treat in store for Marion tonight in the lecture recital of Edwin Baxter Perry, at the Free Baptist church. It will be a relief to sit and hear this renowned artist, after a day of busy politics.

In an item in Monday's STAR it was stated that Chas. Schweinfurth was in charge of the car that ran into Mr. Sweeney Monday. Mr. Schweinfurth says he was not in charge of the car but only on it as a passenger; that the car was in charge of Motorman Clarke.

Tom Powell is carrying one of his hands in a bandage. Monday Tom and Art Keele were scuffling and Thomas struck Arthur on the elbow and fractured one of the bones of his hand. He will be a gentleman of leisure on account of the accident for several days to come.

At the meeting of the Marion minister's association Monday morning it was decided that the Thanksgiving service should be held at the German M. E. church, unless a change is made, and Rev. Vandersall, of the Evangelical association, will preach the sermon.

The city council met Monday evening but transacted no business, except to authorize the city clerk to pay the monthly salaries of the regular city employees. After that was done the council adjourned until next Thursday evening, when the business of the first regular November session will be taken up.

Wednesday H. E. Hill is expecting a number of the heirs of the Holmes estate here to investigate the copy of records that he brought back with him from Ireland. Mr. Hill made a complete record of the estate while across the water and this he brought back to his clients. It is possible that he will have to return to that country again next spring if it is concluded to push their claims. The records were taken at Belfast.

#### HEROISM OF A WIDOW.

General Schofield's Recognition of the Bravery of a Southern Woman.

It was on the first and second days of September, 1864, General Hardee of the southern forces, was sent to Jonesboro from Atlanta with 22,000 men to head off a formidable flank movement of the enemy which had for its purpose to cut off southern communication and thereby compel the evacuation of the city of Atlanta. The flank movement consisted of 40,000 or 45,000 men and was commanded chiefly by Major General John M. Schofield, together with General Sedgwick, who was also a corps commander, and consisted of the best fighters of the Federal army.

As the two armies confronted each other two miles to the north and northwest of Jonesboro, it so happened that the little house and farm of a poor old widow was just between the two lines of battle when the conflict opened, and having nowhere to go she was necessarily caught between the fire of the two commanding lines of battle, which were at comparatively close range and doing fierce and deadly work. The house and home of this old lady was soon converted into a federal hospital, and with the varying fortunes she was alternately within the lines of each contending army, when not between them on disputed ground. So the battle raged all day, and the wounded and dying of both armies were carried to the humble shelter of this old lady until her yard and premises were literally strewn with the dead and dying of both armies.

During the whole of this eventful day this good and brave woman, exposed as she was to the incessant showers of shot and shell from both sides, moved fearlessly about among the wounded and dying of both sides alike, and without making the slightest distinction. Finally night closed the scene with General Schofield's army corps in possession of the ground, and when the morning dawned it found this grand old lady still at her post of duty, knowing, too, as she did, the fortunes, or rather misfortunes, of war had stripped her of the last vestige of property she had except her little tract of land which had been laid waste. Now it was that General John M. Schofield, having known of her suffering and destitute condition, sent her under escort and arms a large wagon load of provisions and supplies, and caused his adjutant general to write her a long and touching letter of thanks, and wound up the letter with a special request that she keep it till the war was over and present it to the United States government and they would repay all her losses.

She kept the letter and soon after the southern claims commission was established she brought it to the writer, who presented her claim in due form, and she was awarded about \$600—all she claimed, but not being all she lost. That letter is now on file with other proofs of the exact truth of this statement with the files of the southern claims commission at Washington.

Her name was Allie McPeck and she died several years ago.—Atlanta Constitution.

#### PRIVATE TELEPHONES.

New York Millionaires' Call Numbers Are Not Public Property.

There are some very aristocratic telephone owners in the city, but a study of the telephone directory supplied for the use of the general public does not reveal this fact. This is done purposely. It is so unbecomingly mad if, when you ask for Mr. Croesus Vanderbilt's telephone number the girl at the other end asks if you don't know it. When you say that you don't know it or try to fool her and say you did have it, but lost the memorandum, she will answer back: "We

## WAITING FOR THE RESULT.

Judge Seney Wants Campbell To Select His Successor.

Monday's Cincinnati Enquirer contains a special from New York concerning the attitude of Judge Seney and the circuit Judgeship which says: "Judge Henry W. Seney, of Kenton, Ohio, who has connected himself with some very large financial interests that center here and spread out through a portion of the Buckeye state, arrived in New York today. He was accompanied by Judge Thomas M. Beer, of Bucyrus, and by the Judge's son, Colonel William C. Beer, who for a number of years has been a resident of New York City, and who is the General Manager here of the National Surety company, with headquarters at No. 35 Wall Street. Judge Seney intended some time ago retiring from the circuit court bench at Kenton and going to Toledo, where most of his interests in a legal way will lie in the future. It is quite likely, however, that he changed his mind regarding the resignation on account of the election being so close at hand. Of course, had he resigned Governor McKinley would have named his successor. As Judge Seney is a Democrat he is more than willing that some attorney of his political belief shall succeed to the judgeship. He is therefore awaiting the result of Tuesday's battle of the ballots in Ohio before taking any action such as he has contemplated."

## CLAIMING EVERYTHING.

Rolla C. Perry Comes Up to Vote and Proves a Hopeful Demagogue.

Rolla C. Perry, who has been connected with the Democratic State Executive committee, came up to Marion today to twist the tail of the Kangaroo, and having done so and spent the forenoon with friends he scooted back to figure out Campbell's plurality tonight.

Rolla is as hopeful of democratic success as a new patentee is of making a million. Being an old Star scribe he agreed to put us next to the inside facts, and the young man proceeded to tell that Campbell will run 15,000 ahead of his ticket, that unless Coxey gets more than 25,000 votes Campbell is a cinch winner, and the legislature is democratic as sure as the sun shines tomorrow. If that isn't a cheerful outlook for Democrats, what in the name of sense is it?

But Perry is biased. He has caught onto Col. Anderson's bright-hued rainbow and is an over-sanguine prophet. If he isn't there will be most mournful procession of Republicans in Ohio tomorrow that was ever dreamed of.

## CARLISLE HAS MOVED.

His Fine New Grocery Is Open In the Cummin Memorial.

I. B. Carlisle's wholesale and retail cash grocery house has been removed from south Main street to the Cummin Memorial room, the big double store-room at the corner of State and Center streets, so well known as the location of the Boston store. Business opened at the new stand this morning, and the wants of customers are being looked after, though the store is not yet in its nicest trim. It will be several days before all the stock is arranged as desired.

The removal of the stock has been accomplished without a suspension of business, and Mr. Carlisle and his force find themselves located in the finest grocery house in Marion, with room and facilities to largely increase an already large trade. Mr. Carlisle will add largely to his regular stock and supply new features in fancy groceries, giving Marion an ideal trading place of that kind.

## ELIZABETH J. WYATT

ASKS FOR PARTITION OF THE ROBERT AND JOANA WATKINS ESTATES

And Prays the Court to Order Amos H. Kling, Receiver, To Account for the Rents and Profits of the Same—Other Cases.

Late Monday afternoon, Elizabeth J. Wyatt, by her attorney, J. A. Wolford, filed in the court of common pleas, her petition against Watkin Watkins, Robert U. Watkins, Thomas P. Watkins, Sarah M. Watkins, the Citizens Bank of Prospect, Amos H. Kling, Chas. Brundige and John F. Brundige, administrators of the estate of John Brundige, deceased, R. K. Hecker, guardian of Clifford Gillett and Harvey B. Gillett, Philip Bomford, Laura McWilliams, George E. Warren, The Harpster Bank, the Delaware County National Bank, Maggie K. Watkins, John Detwiler, the New York Tribune, the Union Milling company, Morris Humphreys, Wesley Almendinger, Samuel E. Hain, executor of the last will and testament of Henry Hain, deceased, William Almendinger, Christian Knickle, C. N. Harford, the Mad River National Bank of Springfield, Isaac Everly, the Constitution Publishing company, T. J. Glidden, T. P. Wallace, Caleb Harsh, T. V. Keber, E. O. Jones, T. L. Perry, Callie Denman, Kate Bender, Adams, Jewett & Co., and A. H. Kling, receiver of the property of Watkin Watkins, Robert U. Watkins and Thomas P. Watkins partners as Watt Watkins & Bros., and J. H. Dunlap, defendants.

The plaintiff for a first cause of action says that she has a legal right to and is seized in fee simple as a daughter and one of the heirs of Robert Watkins, deceased, of the one undivided fifth part of lots Nos. 80, 81 and 81 in the original plat of the village of Prospect, Ohio, and that the defendants, Watkin Watkins, Robert U. Watkins, Thomas P. Watkins and Sarah M. Watkins, are tenants in common with her and each entitled to an undivided one-fifth part of said estate.

That said Robert Watkins has long since departed this life and that there are no debts outstanding that require the proceeds of said real estate for their satisfaction; that the defendant, A. H. Kling, as receiver, is claiming to hold said property under his control, and that he has collected the rents and issues therefrom since his appointment by the court of common pleas of Marion county, for the property of the defendants, Watkin Watkins, Robert U. Watkins and Thomas P. Watkins, partners as Watt Watkins & Bros., but this plaintiff avers that he has no right to collect and receive the rents, issues and profits arising from said real estate belonging to this plaintiff, and which the said Amos H. Kling, as receiver, refuses to account to her therefor.

That all the other defendants above in the title of this cause known named, claim some interest in the interests of the defendants, Watkin Watkins, Robert U. Watkins and Thomas P. Watkins, by virtue of executive levies or otherwise, the extent of which this plaintiff is not informed.

For a second cause of action this plaintiff says that she has a right to and is seized in fee simple as a daughter of Joanna Watkins, deceased, of the undivided one-fifth part of a part of lot 45 in the village of Prospect, (describing the tract), and that the defendants Watkin Watkins, Robert U. Watkins, Thomas P. Watkins and Sarah M. Watkins are tenants in common with her and each entitled to a like proportion of said estate; that said Joanna Watkins has long since deceased and that there are no debts outstanding requiring the proceeds of said real estate for their satisfaction.

That said defendant Amos H. Kling, as receiver, is claiming to hold said premises under the same conditions as mentioned in the first cause of action, and that the other named defendants claim some interest in the interests of the three brothers named, comprising the firm of Watt Watkins & Bros.

Wherefore this plaintiff prays that each and all the defendants named herein be notified of the pendency of this cause, that each be required to set forth what interest, if any, they may have in said premises, that the title be cleared of any cloud or lien thereon, that the defendant Amos H. Kling, receiver as aforesaid, be required to account to this plaintiff for all the rent, income and profits arising from said premises and coming into his hands, and that he be required to pay the same over to her and that the interest of this plaintiff in said premises be set off to her in severalty, or if that cannot be done without manifest injury, that such proceedings may be had as are authorized by law.

In the case of George W. Jones, administrator, against Catherine Mohr and others, in the court of common pleas, the plaintiff, by his attorneys, J. F. McNeal & Sons, today filed a reply to the separate answer of Catherine Mohr, in which he denies each and every allegation in said answer contained not an admission of the averments of the petition, except that he admits that the defendants took possession of the property in question and rented the same and is now in possession of the same.

## Y. M. C. A. BUSINESS

Transacted at the Annual Meeting—Treasurer Uhler's Report.

The active members of the Young Men's Christian association met in the reading room of the association Monday night to transact the regular business of the annual meeting. President E. C. Smith reported the work as progressing satisfactorily in all departments. While the running expenses are nearly \$700 behind yet this is \$300 better than was expected at the beginning of the year, as the budget anticipated a deficiency of \$1000. The membership is slowly increasing and it is hoped to reach 600 before January 1.

Treasurer E. K. Uhler's report of receipts and expenditures as follows:

General Fund.		
Received	\$257.18.	
Expended	\$203.77.	
Balance		\$53.41.
Buildings Fund.		
Received	\$101.81.	
Expended	\$84.77.	
Balance		\$17.04.
Furniture and Gymnasium Fixtures.		
Received	\$24.10.	
Expended	\$25.95.	
Deficit		\$1.85.
Total Deficit		\$66.98.

It was decided that as an inducement to those who cannot pay \$5 at once, an arrangement be made whereby a membership can be obtained by paying \$2 down and the remainder in three monthly installments. It was also carried that a committee be appointed to raise the deficiency and commence the new year clear of debt on running expenses.

At the dinner hour today advantage was taken of the fine spread laid by the ladies and the patronage was unusually large.

If the supply does not fail, which is far from probable, the ladies will serve meals and oysters until a late hour tonight and all patronage extended to them will not only be devoted to a good cause but also bring great returns to the inner man, for the refreshments served are everything that could be desired.
